NEWSPAPERARCHIVE®

BANGOR,

FRIDAY, [illegible] 1838.

MISSISSIPPI.

THE WHIG GAIN IN THE STATE OF MISSISSIPPI SINCE JULY LAST, AS EXHIBITED IN THE CONGRESSIONAL ELECTIONS, IS FOUR THOUSAND NINE HUNDRED AND EIGHTY EIGHT!!!

The opposition members of Congress having in conformity with the wishes of the Whig party generally, fixed upon the first Wednesday of December, 1839, as a proper time, and the borough of Harrisburg as a suitable place, for a general meeting of delegates from all the States, for the purpose of nominating candidates for the Presidency, and Vice Presidency. We consider it highly important that there should be no previous action on the part of the Whigs with the view of anticipating the decision of that Convention, as it might tend to prevent a cheerful acquiescence in the nominations which will then and there be made. At present we believe that much good feeling prevails throughout the country in reference to each of the several distinguished individuals who have been named for the Presidency. Perhaps there has never been a period in the history of our country when the people were more zealously engaged, or more firmly united; in the support of republican principles, or more ready to yield their personal preferences for the sake of sustaining a good cause than they now are. So long as this patriotic feeling pervades the ranks of the opposition they will go on as they have for the past year, "conquering and to conquer." We regret for this reason and no other, that a meeting of the friends of Henry Clay has been called in the city of New York. It can do no good and may tend to excite some dissatisfaction among those who entertain a preference for some other individual. We hope that those who called the meeting will pursue the same honorable and judicious course that was taken by his friends in Richmond, Virginia, after a similar call had been made for a meeting there. The following card is from the Richmond Whig.

A Card. The gentlemen who united in the invitation to hold a meeting for the purpose of adopting measures to promote the election of Mr. Clay, have since conferred with many of their fellow citizens; among whom, some whose opinions are entitled to great weight, having declared their determination zealously to co-operate in the objects of the meeting in case it should take place, have yet expressed doubts of the expediency of holding such a meeting at the present time.

They are of opinion, that while the well known and extraordinary unanimity of the city of Richmond and Manchester, render any measures to promote our objects, so far as those communities are concerned, needless, and therefore useless, it might be injurious to the great cause in which the whole opposition to the present corrupt Government are united, prematurely to bring forward the question of the Presidential election. Yielding that respect to these doubts to which they think they are entitled, the gentlemen by whom the meeting was called have determined to withdraw the call, and believe that in doing so, they afford an instance of that forbearance and mutual concession which upon all matters not involving principles characterize the Whig Party.

RUEL WILLIAMS.

A writer in the Portland Courier over the signature of "Truth," addresses Mr. Senator Williams in language, which it would be difficult to regard as complimentary to that gentleman, as a man of honor, or as a faithful and honest Senator. The charges brought against Mr. Williams, are in reference to his connection with the "Cilley duel," and the substance of them is contained in the following paragraphs.

"Is it possible, holding as you do, a high and dignified station, that at the onset you should urge on the duel encourage the unfortunate Cilley with vain hopes and flattering him with false and delusive prospects, then, when the result was so totally different from what you expected, and your political associates, you seize upon the affair, and endeavor to turn it to political account, most unholy combination and wickedly conceived

* * * * * *

If, Sir, I should use language fitted to your conduct, the public ear would be shocked; surely words are inadequate to describe a man, who would for political purposes urge on a fellow being, and his own familiar friend, to engage in a duel, in order to promote and advance his own political party; and when too late, he finds his friend sacrificed, to attempt to fasten the disgrace upon the opposite party. This, sir you have done, it is proved beyond the possibility of a doubt, that you urged on the duel, and the evidence is [illegible] that you, (and your political associates) have endeavored to fix the approbrium upon the whig party."

The communication closes, by assuring the public that the letter of Mr. Williams to his son, would of itself throw more light on the mysteries of the duel in which Mr Cilley was sacrificed by his false hearted friends, than all the investigation, which has been made by the committee of the House of Representatives.

We were from the beginning very strongly impressed [illegible] Williams had [illegible] in a dishonorable and disgraceful [illegible] to the parties concerned in the tragedy at Washington; and the deeply detestable [illegible] of his subsequent conduct, in distributing about the country, under his official frank [illegible] and the grossest and [illegible] falsehoods in connection [illegible] [illegible] Mr. Williams [illegible] [illegible] Mr. Cilley, which [illegible]

The President of the United States has given notice by Proclamation, that land sales in Illinois will be held at the following times and places:

The nomination of Levi Woodbury, by the Executive of New Hampshire, to the office of Chief Justice of the Supreme Court of that State, has been confirmed by the Council.

To the Editor of the Whig & Courier:

I attended the Exhibition Concert of Mr. Wellington's School, on Tuesday evening, and was pleased with the evidence there displayed of good voices and native talent. As a whole it went off very well. It may not be amiss to observe, that, although every science has for its basis certain principles, and in acquiring a knowledge of such science, certain rules must be observed, yet a *servile* adherence to such rules in the *practice*, may mar its beauty. Distinctness of pronunciation, and a *proper* degree of accent and emphasis, are undoubtedly essential to a good performance, yet to insist upon these with mathematical precision in the performance of music, is to make it a mere mechanical affair, at the expense of the more beautiful and captivating properties of harmony and melody. It was very observable at the exhibition, the pieces best performed, were sung by those whose natural good taste and musical feeling would not permit them to be such strict observers of mathematical precision; even "My own native home" would have been sweeter, had it been a little less mechanical.

AN AUDITOR.

MECHANIC ASSOCIATION. The members of this Association will hold their next meeting, (this evening,) at their new Hall, in Wadleigh's Block, on the east side of the Kenduskeag.

We understand that a Lecture may be expected from Col. CHARLES G. BRYANT, on Canadian affairs, with which he has had an opportunity to become fully acquainted, having been some time near the scenes of the recent struggles of the Patriots. The members and their invited friends, may expect rare entertainment from Col. B. on this interesting subject.

CONGRESS.
HOUSE OF REPRESENTATIVES.

SATURDAY, May 19, 1838.

The Hon. Linn Banks, member elect from the State of Virginia, in the place of Mr. Patton, appeared, was qualified, and took his seat.

Mr. Cambreleng laid before the House a communication from the acting Secretary of War, inclosing several communications from the acting Quartermaster General showing the pressing want of the appropriation for preventing and suppressing Indian hostilities, in order to carry on with efficiency the military operations concerted, and those now in progress. Among them was a letter from the Acting Quartermaster General, under date of April 28, 1838, which says:

"I have not been able to make a single remittance of any consequence for the suppression of Indian hostilities for the last ten weeks, though the expenditure through this department have heretofore averaged full three hundred thousand dollars."

Mr. Crary, from the Committee on Indian Affairs, made an unfavorable report in the case of Col. John Lowry.

Mr. Lincoln, from the Committee on the Public Buildings, renewed his request to the House to act upon the treasury building bill on Monday next, at two o'clock, and made a motion to that effect.

Mr. Yell and Mr. Cambreleng simultaneously asked for the yeas and nays, which being ordered, were, yeas 67, nays 77; and so the resolution was again rejected.

Mr. Johnson, of Louisiana, on leave, presented a petition.

Mr. Russell again asked leave to offer the resolution presented to the House on Thursday, to repeal the small bill restriction.

Objection being made, Mr. R. moved a suspension of the rules, and asked for the yeas and nays, which being ordered, were, yeas 51, nays 101.

DECISION OF THE SPECIE CIRCULAR.

Mr. Boon then made a similar motion to proceed to the consideration of the resolution to rescind the Specie Circular, and, for the first time, he said, asked for the yeas and nays, which were ordered.

Mr. R. explained, in order that the House might vote understandingly, that it was not his intention to press the resolution of the gentleman from Kentucky, (Mr. Williams, to instruct the Committee of Ways and Means to bring in a bill on the subject,) but to present his own, (a joint one and direct) as a substitute. [Mr. Williams stated, some days ago, that he would accept Mr. Boon's as a modification of his own, should the rules be suspended.]

On motion to suspend the rules the vote was 108 to 63.

The Speaker laid before the House the annual report of the Secretary of the Treasury on commerce and navigation.

The "bill to establish a pension agency at McMinville in the State of Tennessee," was taken up on its passage, and rejected 44 to 89.

MR. PATTON'S (VA.) DISTRICT. *The question settled at last.* The Fredericksburgh American says: The Sheriffs, after an examination of the law and all the circumstances attending the election held in Green county, came to the conclusion that, however informally the polls may have been held, there was no sufficient ground to withhold the return from Col. Banks, whom they have declared duly elected, as the Representative in Congress for this district, by a majority of *thirteen votes.* Col. Banks, will, therefore, in a few days, take his seat in the House of Representatives. [N. Y. Express.]

THE GLOBE & THE GOLD CURRENCY.

[illegible] of Loco Foco [illegible] the Washington Globe, is republishing its despicable falsehoods of 1834, in relation to the "*Gold Currency!*" The same confident predictions are employed *now* which were so successful *then*, in hoaxing and humbugging *the democracy.* The measures which the Globe then advised the country, were to overspread it with gold, resulted in *overspreading* the country with *Bank Rags and irredeemable Treasury Shin Plasters.* The last year has afforded an emphatic commentary upon the *honesty* of Blair's assurances. But the creature fancies that the dupes of the vile imposture which he played off in 1834, have *forgotten* the lying declamations with which he then plied them; and to serve the fellow up as he deserves, we have placed an extract from his paper of that time, side by side with one of a recent date which is now going the rounds of the minor Tory organs, as its fellow extract went the rounds in 1834.

From the Globe of April 1834.	[From the Globe of April 1838.
"The land offices will become respectable reservoirs of gold whence it will *be distributed by the government disbursements through the military, the surveying and the Indian departments;* AND WO TO THE OFFICER WHO HAVING RECEIVED GOLD FROM THE GOVERNMENT, SHALL PRESUME OR DARE TO OFFER PAPER TO THE SOLDIERS OR CITIZENS. Then a *great stream will flow up the Mississippi* from New Orleans, and diffuse itself all over the great west. Nearly all the gold coinage of the New World will come to the U. States; for all the coinage of the new Governments of Mexico and South America, being the coinage of the rebel provinces, cannot go to old Spain or any of her dependencies, and therefore will come to the U. S. as its natural and best market. This will fill the *West with doubloons and half joes;* AND IN EIGHT OR NINE MONTHS FROM THIS TIME, EVERY SUBSTANTIAL CITIZEN WILL HAVE A LONG SILKEN PURSE, OF FINE OPEN NET WORK, THROUGH THE INTERSTICES OF WHICH THE YELLOW GOLD WILL SHINE AND GLITTER. The travellers will be free from the pestilence of ragged filthy and counterfeit notes. Every substantial man, and every substantial man's wife and daughter will *travel up on gold.* The satelites of the bank alone, to show their subjection to their liege monarch, will repine at the loss of paper."	"Probably ten millions of gold, and as much in silver, will arrive in the country this year, and make our specie one hundred millions of dollars. The gold, alone will be near thirty millions by the end of the year. It was computed at twenty millions last year; and the branch mints of North Carolina, Georgia, and New Orleans, are now in operation. *Thus we shall have a National gold currency, in a few months* superior in amount to the highest quantity of U. States Bank notes ever in circulation. Twenty two or three millions was the highest quantity that bank ever got out, and fifteen or sixteen millions was her average circulation in the best of times. We shall have near double that by Christmas, *and at the end of Mr. Van Buren's present term, we may look for a national gold currency of forty or fifty millions of dollars.*

[From the Madisonian.]

STATES MISREPRESENTED IN THE SENATE ON THE SUB-TREASURY.

If all the Senators truly represented their constituents, the Sub-Treasury bill could never have been even entered in that body. On this subject, the following States have been wholly mis-represented.

Maine, one vote. In this State an election has been held since the question was first agitated, and it turned on that question against it.

Virginia, one vote. The recent election in this State turned entirely on the sub-Treasury question against it.

Georgia, two votes. The election for Governor in this State took place since the sub-Treasury scheme was first recommended to Congress by the President, and Mr. Gilmer was elected Governor; who, in 1834 was a member of Congress, and introduced resolutions in favor of the State bank deposite system, and against General Gordon's proposition, now adopted and advocated by the Executive.

Louisiana, one vote. Proof in abundance exists to show that this State is opposed to the sub-Treasury project. The deep interest it has in banks there, is sufficient to deter that State from uniting in a policy which would be so suicidal to itself.

Mississippi, two votes. The deep interest this state has in its banks, the policy pursued by the Legislature recently in relation to banks, indicate sufficient strong hostility to a scheme which must undermine the foundation of those banks. The result of the late Congressional election, may, in a few days, furnish further proof from this State, condemning the sub-Treasury policy most unequivocally.

Ohio, two votes. } These senators
New Jersey, one vote. } have all been informed by those who elected them, of their wishes.

They have been told that the sub-Treasury is not approved of. Yet, notwithstanding its direct expression of opinion by their constituents, because it was not made in the shape of *positive instructions*, their wishes are disregarded, by these Senators.

New York, one vote. This Senator has the hostility of whom he represents, or rather *misrepresents*, to the Sub-Treasury scheme, or "*untried experiment*," indicate in the results of general as well as local elections which have been held in this State since it was first recommended by the Executive. In addition to this, he has the expression of opinion against it from the popular branch of the Legislature of this State.

Here eleven votes given for the sub-Treasury by Senators whose constituents we have every reason to suppose in every case, are utterly opposed to that scheme!

What has become of the Jeffersonian Republican doctrine and creed, that the Representative is bound to obey the will of his constituents? That appears to have no part of the creed of "Independent Treasury Republicans," but they seem to have adopted in its place, the old *federal* creed, that the *representative is not to be guided by the will of* [illegible] A party that adopts [illegible] (and the Treasury is one,) should adopt federal creeds also to be consistent.

There are [illegible] other Senators [illegible] [illegible]

While Mr. Buchanan [illegible] so far obeyed his instructions, as to record his vote against the sub-Treasury [illegible] immediate question, [illegible] this [illegible] in the Senate [illegible] he in [illegible] voting it, by [illegible] taken in all matters collaterally connected with it.

In that part of a speech, recently made by him, published in the Globe of Saturday night, Mr. Buchanan avows himself the advocate of the "*Divorce,*" "*Sub-Treasury,*" "*Independent treasury,*" "*Reform Bill,*" and he declares that, but for instructions, he should aid in fastening it upon the country. But this is not all.

In another part of the same speech Mr. B. says:

"Now I go for this administration both from principle and inclination, and shall support the reelection of the *present* President."

This is a most precious confession. No doubt Mr. B. goes for the *measures* of the administration, "both from principle and inclination," as well as the administration itself! In doing this, he acts contrary to the views and wishes of a majority of those whom he was sent here to represent.

"*The re-election of the President!*" When the country is bleeding through every pore; when distress and ruin pervade the land, when all eyes are turned towards Congress, imploring its action whereby relief may be afforded; and while the period of the election is two years and a half distant the time of the Senate is occupied in President making!" *In re-electing the present President!*" We apprehend Mr. B's constituents would be better pleased to see him engaged in devising measures of relief to them and the country, than in President making. If we do not *much* mistake the Character of the *Key stone state* while they may be a majority of them Democratic Republicans, there are a *large* majority of that majority, *Conservative Republicans.* By the signs of the times, we judge that, Mr. Buchanan will find but a *small portion* of his constituents, who will go with him in "re-electing of the present President," unless he speedily abandons his *destructive* policy and measures.

In our opinion, it were better that the country should first be relieved; and leave *President-making* for after consideration. It appears to us, there will be time enough then.

QUEBEC, (L. C.) May 15.

It is all *rub-a-dub, rub a-dub-dub* here, and about here, in the river and in the streets. The red coats are as thick as the people. John Bull seems to have sent over one soldier to stand as a sentinel over every Canadian. "God save the Queen," "Auld Lang Syne" and *rub-a-dub, rub-a-dub* is all we hear. The line of battle ship Malabar, with the 71st Highland Infantry has just arrived, and there is more of the Bugle, and more of the *rub-a-dub-dub.* I cannot help thinking what useful fellows these shilling-a-day boys would be in *clearing* this country, not of rebels, but of *under-brush, stumps,* old trees, &c. I cannot help thinking, if we Yankees had them, how we would make them make railroads, dig canals, and turn the *rub-a-dub-dub* into the clink of the hammer, the *gee-up gee-ho!* Instead of making them make barracks, we would make them make farms or towns, instead of making them *squat* down in tents by regiments, we would turn them into *squatters* into the wilderness. But every nation has its own ways. We yankees have ways, queer ones too, I am content to let all nations do as they please.

MEXICO AND THE UNITED STATES. We have information from a source to be relied on, that since the proposition of Martinez, the Mexican Minister, to refer our controversies with Mexico to the arbitration of a neutral power, arrangements have been entered into which are likely to terminate in the speedy and peaceful settlement of those controversies. Our Government at home finding a gale blowing about their ears deem it expedient to take in some of their canvass. The first thing to be got rid of is the Mexican war. [Atlas.

THE PHILADELPHIA RIOT. The exciting causes of the late disgraceful riot in Philadelphia, which on many accounts is much to be deplored, was owing to the resolutions passed by the abolitionists of a previous meeting, one of which ran thus: "abolitionists will use their influence in having their colored friends seated promiscuously in our congregations and that when churches are disgraced with side seats and corners, abolitionists will, as much as possible, take seats with them. Another resolution purported that it was the solemn duty of every woman to pray to be delivered from such an unholy feeling as prejudice against color, and to act out the principles of Christian equality, by associating with the blacks, as though the color of the skin was of no more consequence than the color of the hair or eyes." These resolutions were not only adopted and published, but practically carried into effect and the most fashionable streets in Philadelphia were thronged with white ladies, escorted by black gallants, and dark damsels accompanied by white protectors. Gov. Butler, of South Carolina has called an extra session of the Legislature, May 28, to take into consideration the condition of Charleston which has suffered so severely by fire.

In the British House of Commons, April 11, in a discussion on the subject of the revenue, the Chancellor of the Exchequer paid a handsome compliment to the integrity and honor of American merchants.

It was impossible (he said) for a great commercial crisis like that through which the country had passed, to occur without showing itself on the public revenue. If the facts which his hon. friend had stated were to create any distrust as to the resources of England, the result would be as great as mischievous, but any one who would look to the affairs of the last twelve months, must feel gratification and pride that the country had passed through these events without more suffering and less than had been endured in the course of the past year. Our commercial men had to encounter circumstances of difficulty which might almost be said to be without parallel (hear hear) but the resources of the country had enabled them to go through that severe trial (cries of "hear hear.") But he must say and he said it the more freely because it related to another country, that the extraordinary [illegible] by the commercial [illegible] of the United States of America, had been such as to reflect the highest credit [illegible] character of a commercial people. DR. BRANDRETH'S GENUINE PILLS

Doctor Sangrado's system still
Lives in the world, to kill, to kill!

THIS system does indeed live still, and is practised by the very men who laugh at Doctor Sangrado as a visionary fool. The immaculate Faculty!! Let this truth be impressed upon every mind that all pain and weakness proceed from the presence of morbid, stagnant and corrupt humors IN THE BODY by which the circulation of the blood is impeded, and that the only sensible method is to remove them from the stomach & bowels, then take

Brandreth's Pills concocted forth
From the pure products of the earth,
They own no after sad alloy,
They often save, but ne'er destroy!

BLEEDING ALWAYS IMPROPER,

"For the life of the flesh is in the blood," Leviticus, chapter xvii v 11 When the properties of BRANDRETH'S VEGETABLE UNIVERSAL PILLS shall have been appreciated bleeding will no longer be thought of as a remedy for diseases, for in violent inflammations, eight or ten of them will take, in the course of two or three hours, more of the impure humors from the body, by the stomach and bowels, than bleeding to the extent of forty ounces could possibly have done, and it should be remembered that the Pills remove ONLY those parts from the blood which were the cause of inflammation; whereas bleeding removes the essential parts also How great the prostration of all the corporeal powers after a copious bleeding! On the contrary, what agility and strength is felt after a dose of this medicine; the body is indeed lightened of a load Nothing is equal to ridding the vitiated humors with a vegetable medicine of this kind, which 84 years have proved never to do injury, but always good. Is the pulse too high? A dose of these Pills will bring it down. Is it too low? the same means will increase it to a proper standard. Is it tremulous, showing nervous excitement? the Pills, by soothing the system will allay it

Thousands of the most respectable citizens of the United States will be referred to with pleasure by Dr B who have for many years been in the habit of being bled as often as four times in a year; and whose constitutions, in consequence, were becoming weaker and weaker, but who, since they have made use of these Pills, have never lost a drop of their precious blood. When any of their old symptoms appeared, instead of running to a Doctor and having a vein opened, they have swallowed six or eight Pills, which soon removed the vitiated humors that were impeding the blood in its circulation. Those sensible people, simply by the use of these invaluable Pills, are increasing every day the powers both of body and mind, which, by the practice of bleeding, were both becoming dreadfully impaired.

The following cases of cure, by the use of Brandreth's Pills, alone, are submitted with respect, to the unprejudiced portion of the Boston public

ASTHMA CURED. The following extraordinary case of Asthma, which is authenticated by seventeen respectable and well known inhabitants of Greenwich, Ct, deserves, by all persons, a careful perusal. The most prejudiced must own that evidence is on the side of these Pills, which, by the cures they are daily making show there is no necessity for any other medicine

This is to certify that Thomas S. Brown of Greenwich, Ct, was taken with a cold, numb feeling, on the 13th of June last. He began to cough and raise phlegm and in the course of twenty-four hours about two quarts of thick white jelly was expectorated. Three physicians in Stamford, Greenwich, and Sawpits, pronounced it a nervous humid spasmodic Asthma, and after prescribing for some time to no effect, the three consulted together, and finally declared that they could do him no good; it would and must result in consumption, and death would ensue, and that in a very short time. The pain was excessive in all parts of his body, and the difficulty in breathing was such as almost to cause strangulation He was reduced to a mere skeleton, and finally gave himself up to death. After being in this miserable state nearly two months, he saw an advertisement of Dr Brandreth's Vegetable Universal Pills, and immediately sent by Capt. J, Waring of Greenwich, for a box, and found relief in the course of a few days which encouraged him to persevere, and now having taken them for about four months according to the direction, is entirely recovered, and so far as we can judge, in consequence of taking the above Pills, which we have also used in our families, and have found them invaluable.

Signed Greenwich, 22d Feb 1836,

James R Mead Daniel S Betts, John H Reynold A Palmer, Rev. R Palmer, J. R. Palmer, H Brewsley, S. Jessup, James Moore, Hannah Hitchcock. J Mean, Thos Bertram, Isaac Olmstead, P. V T. Jessup Stephen Waring John Limbry.

Certificate of John Goulden, who has known the above pills forty years:

I hereby certify, that I have known Brandreth's Vegetable Universal Pill for upwards of forty years they were used by my family connections, in the county of Dorset, England, since the year 1796, many of whom they cured of old standing complaints JOSEPH GOULDEN.
Bridgeport, Feb. 18, 1836.

Certificate of cure of CHOLICS, FITS, &c. &c From a BOSTONIAN, whose address is at the foot.
[TRUE COPY]

To Dr Benj Brandreth:

My dear Sir. I write a few lines to inform you that I have been making use of your Vegetable Universal Pills. I have been afflicted with a complaint supposed to be caused by PAINT. I was subject to a great coldness through my whole system, attended with frequent pain and severe cholics, for the year, I have also been subject to fits, which would seize me in the night and when I have come to myself, I have been as weak as a child I am ready to state the facts more particularly, and how the medicine acted upon me, at my residence No 17 Sudbury street, to any one who wishes to inquire.

I feel the medicine has been of very great service and that the diseases under which I labored have been by it ENTIRELY REMOVED, for which I shall ever feel grateful to Providence and to you.

Believe me to remain
Very respectfully,
JOHN LUMMUS,
Boston 17 Sudbury street

PROSPECTUS OF THE BOSTON MUSICAL GAZETTE. This Journal will be devoted especially to the subject of Music, containing the Musical History, Biographical Sketches of eminent Composers and performers, impartial Reviews of Musical Works, an account of Oratorios, Concerts, Musical Societies, Academies and Schools, with their various merits, progress, &c. Also, occasional hints and observations on the kindred arts, and matters of taste and general literature, with appropriate Poetical effusions. Each number will likewise contain more or less sacred or secular music, arranged with appropriate accompaniments

The inhabitants of New England may well be denominated a musical people. And it is thought that a periodical of the above description, if well conducted would meet with at least a competent support. It is agreed on all hands, we believe, that attention to the art of music was never so great in our country, as at the present day, yet we shall not pretend that science or taste keeps pace with the practice

A writer in a respectable Journal recently observed, "Our City takes the lead of all others in the Union, both in devotion to Music, and in the Institutions for its perpetuation and improvement." If this be an acknowledged truth, we deem it a circumstance no little favorable to our design.

It is well known that in Boston Music engages the special attention of both the old and young; and it has been thought proper to introduce it, as a suitable branch of education, into some of our public schools, as well as many private seminaries. Surely, then, there is a reasonable expectation that our plan may succeed, and a belief that it could never have commenced more opportunely.

The editorial department will be conducted by B Brown, Esq who has the pleasure to state that the following, among other talented gentlemen, will occasionally contribute to its pages; Lowell Mason, G J. Webb, T Comer, N. Mitchell, J. S. Dwight, T Power, J R. Parker

The work will be published every other Wednesday, in the quarto form, of 8 pages to each number, on good type and fine paper, at Three Dollars, per annum, payable in advance.
